Reasons for Allowance

1. Claim 8, 9, and 11-18 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter: The prior art of record fails to teach a universal lifter foot assembly with the pair of removable gib plates with camming surfaces defined along the gib plates and carrier assembly that is slidable with respect with the camming surfaces.

Drawings

3. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the figures appear to be informal drawings with what appears to be hand drawn figure element numbers and the Figure number itself. Additionally, Figures 8a-8d are hard to discern due to the amount of darkened areas. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
